Sub: Referral letter for proposals related to beverages, mineral water and packaged drinking water -reg.

Sir,

Central Ground Water Authority is receiving proposals for NOC for withdrawal of ground water by beverages, mineral water and packaged drinking water industries. In view of legal issues, it has been decided that proposals submitted by them should have referral/consent letters from concerned State Pollution Control Board and local administration indicating quantity of proposed withdrawal of ground water for processing of the cases, besides other formalities as per guidelines issued by CGWA. The proposals already received by the Regional offices and under process should also be processed accordingly.

Yours faithfully

(Arun Kumar)
Regional Director
